CAN'T DO THE WORK

It's too much to try to work every day against a constant, dull backache, or sudden darting pain in the small of the back. Be rid of it. Try Doan's Kidney Pills. Your neighbors recommend them. Ask your neighbor.

Jack Blankenship, foreman Construction Co., Plumb St., Louisa, says: "I have had the best of results through the use of Doan's Kidney Pills and can't recommend them too highly. I have a lot of exposure while on duty as foreman of a construction company and hoisting engines, together with the jarring, is what had a tendency to bring on my kidney trouble. There were times I had to give up work and go home and stay there, as I was just down with my back. Sharp, shooting pains darted all through my back and kidneys and the kidney secretions passed irregularly, containing a sandy sediment. I was in bad shape generally until I went to the Louisa Drug Store Co., and got three boxes of Doan's Kidney Pills. I began using this medicine and soon got over the trouble. Doan's fixed me up in good shape and I have never been bothered since."

ARMISTICE DAY

Three years ago, the boom of the last gun echoed over the battlefield, and the greatest catastrophe in human history had passed the crisis.

Today the nations gather around the conference table in Washington at the call of the President of our country, to stop the war industry and promote the industries of peace, to make the world happier by ridding it of its greatest curse; to promote a better era by creating a better understanding among the peoples.

Even to lift the staggering burden of war expenditures will be a wonderful work, but the even greater work before the conference will be written in the pages of history.

All America prays that the fullest measure of success attends this great international effort.
